Dear Recorder:

In December 2006, I requested my grandmother's Death Certificate on the appropriate forms with the required payment. Yesterday I received a Death Certificate for another lady with the same name as my grandmother, but clearly not my grandmother. I telephoned your office at (909) 387-8314 and spoke to a lady who directed me to write this letter requesting you to locate and send me my grandmother's Death Certificate, and to return this first one to you. Enclosed is the Death Certificate for another Gertrude Plummer (who is not my grandmother). I have also enclosed the SSDI report on my grandmother which shows she died in July 1986 in Bloomington and her social security number is 553-40-3455, which is different than the person who's Death Certificate I'm returning.

It may also be helpful to know that my grandmother's original name was Mary Gertrude Plummer, but SSDI has her listed as Gertrude.

Would you please locate my grandmother's Death Certificate and forward it to my address above. The lady I spoke with on the telephone told me that I would not have to pay again for the correct Death Certificate.

Thank you so much for your help.

Sincerely,

Gary L. Stewart
