XXXXXXXXXX, CA

Mr. Bycraft:

I telephoned you on Saturday because I had a question to ask. Since I have last spoken with you, I have reunited with my father's side of the family there in South Carolina. We attended a family reunion in April where I learned a great deal about my father and grandfather. The family there in South Carolina truly loved my grandfather and your sister. They shared a letter with me that Eleanor sent the family after my grandfather's burial in Arlington Cemetery. On that letter, she mentioned her sister, Ruth Anderson. The reason I telephoned you was to ask if Ruth Anderson was still alive because was told that she may have more stories of what may have happened to my father. Eleanor indicated in the letter to the family that my father died in Mexico, but there were no other details. I was hoping to contact Ruth Anderson to see if she remembered hearing anything about my father, or had any stories or memories to share. I would truly appreciate a note from you as to whether or not Ms. Anderson is still alive and how I might contact her. I do not mean to be a bother to you.

Thank you so much for your help.

Sincerely,

Gary Stewart
